Subject: FCC - Consensus Plan

Federal Communications Commission
Office of the Secretary

Dear Sam Feder,

We have a lot of trouble with interference on our volunteer fire department radio. We definitely support the Consensus Plan and urge the FCC to decide in favor of the Consensus Plan in the next week. The pressure from Verizon must not sway FCC's decision, because we all need relief from the interference. There are at least four separate entities that cut in on our frequency and interfere with our need for a fire frequency that is free when it is needed for an emergency.

Thank you for your help.
